Experience-based Quality in European ODL  
**E-QUALITY**

**FINAL SEMINAR 21.-22.9.2006**  
**SZCZECIN, POLAND**

Experience-based Quality in European ODL

**E-QUALITY**

## The dissemination process

- **Dissemination** is a process of making results of projects available for a target public which has not been directly implicated in the project
- **Sustainability** of project results can be defined as the results of a process which ensures that the outputs of a project are maintained after the project funding has stopped

Education and Culture

**Socrates**

Experience-based Quality in European ODL  
**E-QUALITY**

## The dissemination process

consists in three phases :

1. advertising the existence of the e-Quality project
2. delivering the project's outputs
3. the project's long-term sustainability

## The dissemination process

- Phase 1 : advertising the existence of the e-Quality project
  - project partners are members of eLearning networks and made advertisement using them
    - EFQUEL
    - EDEN
    - NOE-Kaleidoscope
    - ARIADNE
    - SVC
    - ...

Experience-based Quality in European ODL

**E-QUALITY**

## The dissemination process

- Phase 1 : advertising the existence of the e-Quality project
  - "*Organisational and cultural similarities and differences in implementing quality in elearning in Europe's higher education*", DUMONT B., SANGRÁ A., in Handbook in Quality and Standardisation in E-learning, Ulf-Daniel Ehlers and Jan Martin Pawlowski, Ed., Springer, 2006, pp. 331-346

Education and Culture

**Socrates**

Experience-based Quality in European ODL  
**E-QUALITY**

## The dissemination process

- Phase 1 : advertising the existence of the e-Quality project
  - "*The e-Quality project: a contribution for improving quality in ODL in Higher Education in Europe*", JOAB M. and DUMONT B., OnlineEduca 2005

## The dissemination process

- Phase 1 : advertising the existence of the e-Quality project
  - "*e-Quality: training teams to implement quality in ODL at university level in Europe*", DUMONT B., FERNANDES E., GRANDBASTIEN M., HOLMA J., JOAB M., JUNES S., MONTALVO A., SALAMIN A.-D., SANGRÀ A., ZAIKINE O., EDEN 2005

Experience-based Quality in European ODL

**E-QUALITY**

## The dissemination process

- Phase 1 : advertising the existence of the e-Quality project
  - "*Quality in the new learning space: ongoing process of teacher and staff training*", AUZENDE O., DUMONT B., JOAB M., RÓZEWSKI P., SALAMIN A.-D., EDEN 2006

Experience-based Quality in European ODL

**E-QUALITY**

## The dissemination process

- Phase 2: delivering the project's outputs
  - the e-Quality project website : [www.e-quality-eu.org](http://www.e-quality-eu.org)
  - the e-Quality seminar in Szczecin, September 2006

Experience-based Quality in European ODL

**E-QUALITY**

## The dissemination process

- Phase 3: the project's long-term sustainability
  - The e-Quality project website : [www.e-quality-eu.org](http://www.e-quality-eu.org)
    - 4'000+ hits (800+ unique visitors) since July 1, 2006
    - working & training documents for HE ODL professionals
    - Best Practice Database
    - eLUP editor
    - General Quality Process Charter
  - Future training sessions in HE institutions
